Section 4. In addition to the appropriations herein made, all gifts, grants, contributions, insurance proceeds or entitlements, in excess of the amount carried in this act, including grants by the Congress of the United States, municipalities or counties, to any department, division, board, bureau, commission, agency, institution, office or officer of the State of Alabama are hereby appropriated and, in the event the same are recurring, are reappropriated to such department, division, board, bureau, commission, agency, institution, office or officer to be used only for the purpose or purposes for which the grant or contribution was or shall be made. Further, all state, county, municipal and educational entities are authorized to disburse such sums as deemed necessary by mutual agreement between said entities and the State of Alabama, Department of Examiners of Public Accounts.
to partially defray the cost of auditing services performed by said agency. All such sums are hereby appropriated and reappropriated if necessary to the Department of Examiners of Public Accounts for audit services, to be expended through the fund established by Section 41-5-24, Code of Alabama 1975.

Section 5. The State Superintendent of Education shall make requisitions to the State Comptroller in favor of the proper beneficiary in accordance with the law and rules and regulations governing the expenditure or disbursement of any and all funds appropriated to the State Department of Education and/or the State Board of Education in this act, whereupon the Comptroller shall issue his warrant therefor. All other appropriations in this act shall be paid after proper requisitions are made to the State Comptroller in the manner now provided by law.

Section 6. Nothing in this act shall be construed to affect or repeal any law authorizing or permitting any college, school or other education or eleemosynary institution of the State to receive, collect or disburse any fees, tuitions, charges, sales, endowments, trusts or income therefrom, which are now or may hereafter be authorized to receive, collect or disburse. The receiving college, school or institution shall further maintain separate accounts for such receipts or shall maintain a system of accounting which will
show a cash flow of such receipts received under the provision of this appropriation.

Section 7. The appropriations made herein to the departments, boards, offices, commissions, and agencies include the amounts necessary and said departments, boards, offices, commissions, and agencies are hereby directed to make the transfer of funds to the State Personnel Department in the amounts enumerated in the general appropriations act for the fiscal year ending September 30, 2020. All agencies and institutions enumerated in this act that receive services from other governmental agencies enumerated in this act or the general appropriations act shall make full payment in a timely manner (as determined by the Department of Finance) for such services.

Section 8. All encumbered balances of a previous fiscal year appropriation other than the exclusions authorized by the Code of Alabama 1975, Section 41-4-93, shall lapse no later than September 30 of the fiscal year immediately following the fiscal year for which the appropriation was made and shall revert to the credit of the Education Trust Fund or earmarked fund from which the appropriation or appropriations were made.

Section 9. Upon certification to the Director of Finance by the State Attorney General that a federal court has ordered the State of Alabama to pay claims, attorney fees, or
other costs relating to said court order, funds are hereby appropriated to the affected department, board, bureau, or commission in the amount necessary to satisfy that court order. Such appropriations are in addition to any other appropriation heretofore or hereafter made in this appropriation act. Such appropriations are conditioned upon the availability of funds and a determination by the Director of Finance that other current appropriations are not available for court-ordered payments.

Section 10. Local boards of education may exercise flexibility among line item expenditures, not to create a reduction of earned teacher units and/or local board of education support personnel.

Section 11. The State Superintendent of Education may approve a request by a local board of education for redirecting Other Current Expense funds designated for pass-through calculations to their local Child Nutrition Program if the redirected funds do not prevent the Child Nutrition Program of that local board of education from maintaining a one-month fund balance.

Section 12. The appropriations made herein to the departments, boards, offices, commissions and agencies include the amounts necessary to pay the State Employees' Insurance Board (SEIB). The SEIB rate shall be $930 per month for each full-time employee for the fiscal year ending September 30,
2020. The State Employees' Insurance Board will adjust the insurance program wherever appropriate to maintain the aforementioned fixed rate.

Section 13. Notwithstanding any other provisions of this act or any other act, any amount from appropriations for the fiscal year ending September 30, 2019 to the various state agencies and institutions in this act, except appropriations from the Education Trust Fund, which are unexpended and reverted on September 30, 2019 are hereby reappropriated to the respective state agencies, offices and institutions for the fiscal year beginning October 1, 2019.

Section 14. (a) The At-Risk and High Hopes appropriations made to the State Department of Education shall be expended as follows: 50% shall be at the discretion of the State Superintendent of Education and 50% shall be awarded in the form of grants to school systems/entities for activities or programs designed to enhance outcomes for At-Risk Students. At-Risk Students shall be defined as students who have not met proficiency standards for state accountability assessments and one or more of the following apply: the student attends a Title I school; qualifies for free or reduced lunch; qualifies for special education or Tier III intervention; or is an English language learner. In the awarding of grants, preference will be given to undertakings that will directly impact student achievement and improve performance on state
assessments to include remediation for students, after-school and tutorial programs, career/technical programs, character education, enrichment activities, programs that enhance reading and mathematics abilities in students, activities that increase grade-to-grade promotion, career and college readiness and early warning and prevention programs. Programs must employ evidence-based practices and measure student growth and achievement using research-based norms and criterion. Funds should be awarded on a per-pupil basis, with no more than ten percent of the grant award going toward personnel costs.

(b) In an effort to provide the best and most efficient implementation for intervention and innovation in schools, administration of the grant awards shall be assigned to the Alabama State Department of Education's Division of Administrative and Financial Support with evaluative input from other Alabama State Department of Education advisory personnel, including the State Superintendent of Education, as appropriate. The grant application process must require districts to submit plans to the Alabama State Department of Education detailing their intended use of the grant funds with regard to student proficiency and growth. Grants may be awarded any time after July 1st so schools can prepare for the new school year. Notwithstanding the foregoing, the Alabama State Department of Education's Division of Administrative and
Financial Support shall make every reasonable effort to notify grant recipients of awards by August 1, 2019. No funding will be available until October 1, 2019. Grantees will have no guarantee of funding until October 1, 2019.

(c) Upon the awarding of any grant funds, the Alabama State Department of Education must submit a report to the Chairs of the House Ways and Means-Education Committee and the Senate Committee on Finance and Taxation-Education and the Director of the Legislative Services Agency, that shall indicate the grant-recipient districts and each district's plan for those funds. Those districts shall submit follow-up reports indicating the results of those plans from the previous school year by July 31, 2020.

Section 15. (a) All nongovernmental entities, identified by the Legislative Services Agency, which are allocated funds in Section 3 of this act shall file a report with the Chairs of the House Ways and Means-Education Committee, the Senate Committee on Finance and Taxation-Education, and the Director of the Legislative Services Agency on or before November 1, 2019 regarding the proposed expenditures and usage of the funds appropriated in the fiscal year ending September 30, 2020.

(b) The reports shall include a detailed service inventory pursuant to guidelines provided by the Legislative Services Agency.
(c) In the event that the entity was also allocated funds pursuant to Act 2018-481, the entity shall also include in its report a detailed inventory of the services delivered for the fiscal year ending September 30, 2019 pursuant to guidelines provided by the Legislative Services Agency.

Section 16. If any section, paragraph, sentence, clause, provision or portion of this act or all or any portion of the appropriations herein made is held unconstitutional or invalid, it shall not affect any other section, paragraph, sentence, clause, provision or portion of this act or any other appropriation or appropriations or portion thereof hereby made not in and of itself unconstitutional or invalid.

Section 17. All laws or parts of laws, general, special, private or local in conflict with or inconsistent with the provisions of this act are hereby expressly repealed.

Section 18. The Legislature hereby finds that, pursuant to the Education Trust Fund Rolling Reserve Act, appropriations from the Education Trust Fund shall not exceed the fiscal year appropriations cap. The Education Trust Fund fiscal year appropriations cap for fiscal year 2020 is $7,125,895,252. The total amount of Education Trust Fund appropriations in this act and other appropriation acts for fiscal year 2020 are equal to the Education Trust Fund appropriations cap amount. Prior to fiscal year 2013 when the Education Trust Fund Rolling Reserve Act became effective,
conditional appropriations were periodically granted from the Education Trust Fund subject to the availability of funds in the Education Trust Fund, the recommendation of the Director of Finance, and the approval of the Governor; however, a conditional appropriation is no longer allowed under the provisions of the Rolling Reserve Act if it would make the total Education Trust Fund appropriations exceed the appropriations cap. Therefore, a conditional appropriation from the Education Trust Fund for fiscal year 2020 could not be released.

Section 19. This act shall become effective on October 1, 2019.
