BE IT ENACTED BY THE LEGISLATURE OF ALABAMA:

Section 1. Chapter 2A, commencing with Section 20-2A-1, is added to Title 20, Code of Alabama 1975, to read as follows:

§20-2A-1.

This chapter shall be known and may be cited as the Compassion Act.

§20-2A-2.

The Legislature finds all of the following:

(1) It is not the intent of this chapter to provide for or enable recreational use of marijuana in the State of Alabama.

(2) Medical research indicates that the administration of medical cannabis can successfully treat various medical conditions and alleviate the symptoms of various medical conditions.

(3) There are residents in Alabama suffering from a number of medical conditions whose symptoms could be alleviated by the administration of medical cannabis products
if used in a controlled setting under the supervision of a physician licensed in this state.

(4) A majority of states have adopted a program providing for the administration of cannabis or cannabis derivatives for medical use for residents of their states.

(5) Establishing a program providing for the administration of cannabis derivatives for medical use in this state can not only benefit patients by providing relief to pain and other debilitating symptoms, provide opportunities for patients with these debilitating conditions to function and have a better quality of life, but also provide employment and business opportunities for farmers and other residents of this state and revenue to state and local governments.

(6) It is important to balance the needs of employers to have a strong functioning workforce with the needs of employees who will genuinely benefit from using cannabis for a medical use in a manner that makes the employee a productive employee.

Assessment of a civil fine under this subsection is not a bar to the investigation, arrest, charging, or prosecution of an individual for any other violation of this article and is not grounds to suppress evidence in any
criminal prosecution that arises under this article or any
other law of this state.

(c) The commission shall comply with the hearing
procedures of the Administrative Procedure Act when denying,
revoking, suspending, or restricting a license or imposing a
fine. The commission may suspend a license without notice or

10 discharge the powers and duties of the commission under this
11 article.
12
13 §20-2A-58.
14 Each license is exclusive to the licensee. The
15 attempted transfer, sale, or other conveyance of an interest
16 in a license shall be grounds for suspension or revocation of
17 the license or for other sanction considered appropriate by
18 the commission.
19
20 §20-2A-59.
21 (a) Before hiring a prospective employee, a licensee
22 shall conduct a background check of the prospective employee.

27 without written permission of the commission.
